

## Lonely

**Music & lyrics:** Kim Walker

I'm not lonely, I'm just alone.  
Took the best years of my life, to realize the closest friend I've got is me.  
I'm not lonely, I'm just alone.

I'm not angry, got nothing' to say.  
Rather bathe in the silence, than contrive more empty words to fill the air.  
I'm not angry, got nothing' to say.

I'm not in love with you, but I love you dear.  
You're my warm and cosy fire but the flames no longer brighten up my soul.  
I'm not in love with you

I'm not angry,

I'm not lonely,

I'm just alone.

I'm just alone.

I'm just alone.
